

MathFLIX CHALLENGE

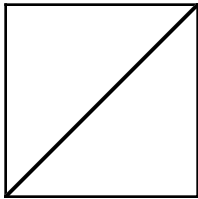

Creating Polygons

Inspired by... *Sir Cumference and the First Round Table* by Cindy Neuschwander & Wayne Geehan

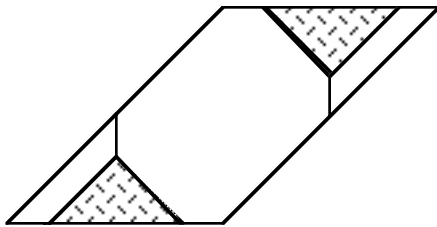

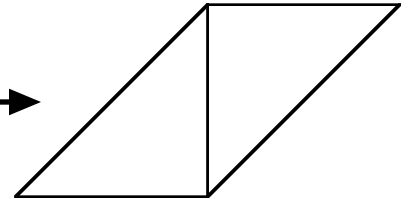

Cut out the shapes below the dotted line. Then, use the shapes on the left as clues to make the corresponding shape on the right.

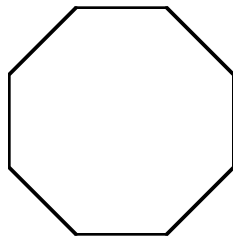

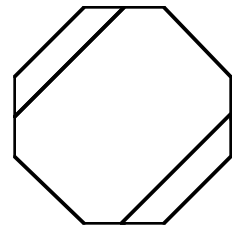

1. rectangle to square

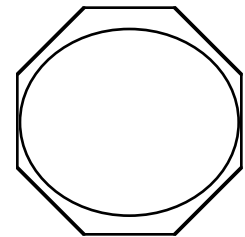

2. square to parallelogram

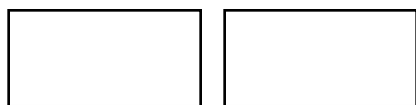

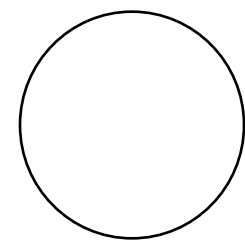

3. parallelogram to octagon

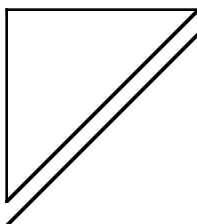

4. octagon to ellipse

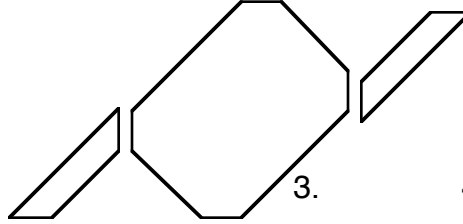

5. tree to circle!

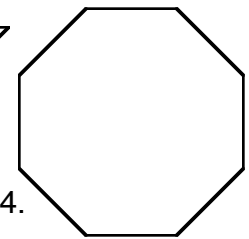

1.

2.

3.

4.
