MathFLIX CHALLENGE
Metric

Study the chart below and you'll discover a pattern to relate miles to kilometers. Use you discovery to complete the chart.

Miles	Approximate Kilometers	Exact Kilometers
10	10 + 5 + 1 = 16	10 × 1.609 = 16.09
20	20 + 10 + 2 = 32	20 × 1.609 = 32.16
30	30 + 15 + 3 = 48	30 × 1.609 = 48.27
40	40 + 20 + 4 = 64	40 × 1.609 = 64.36
