MathFLIX CHALLENGE

Decimal Identity

Place a decimal point to make a reasonable estimate of the cost of each item. Move the decimal point to estimate the cost of 10 and 100 of the same items.

	Item	Cost of 1	Cost of 10	Cost of 100
	Piece of candy	1234560000	1234560000	1234560000
	Gallon of gas	1234560000	1234560000	1234560000
	CD	1234560000	1234560000	1234560000
	Jacket	1234560000	1234560000	1234560000
	HD TV	1234560000	1234560000	1234560000
	Car	1234560000	1234560000	1234560000
	House	1234560000	1234560000	1234560000
	Airplane	1234560000	1234560000	1234560000
